Questions 11-17

Complete the notes below.

Write ***NO MORE THAN TWO WORDS AND/OR A NUMBER*** *for each answer.*

First about the date, the exact time of the run is still on the first Saturday of May, but we'll inform you in advance if it's to be delayed due to bad weather.

Annual Running Competition

1 英里（mile）=1.609344 千米（kilometer）

Starting point:	at the **11** **castle** this year
Distance:	**12** **7 miles**
Prize:	**13** **sports equipment** for the winner
Finishing point:	at the **14** **station**
Registration site:	at the **15** **town hall**
Age limit:	people who are under **16** **16/sixteen** are not allowed
Need to bring:	a **17** **jacket** and spare shoes 备用的/多余的

The run used to start at the park, which is being refurbished 整修,翻新 at the moment, so this time all the runners are expected to gather in front of the castle and start from there.

The runner with the shortest time will be awarded sports equipment worth about one thousand pounds.

Each runner will be timed from the starting point till the end. When you cross the finish line marked on the ground of the station.

sponsorship n. 赞助
*enrol
= enroll <AM>*

As for the age limit, you have to be at least sixteen 16 ,and the top limit is now seventy 70, though you need to obtain a health certificate from your doctor if you're over sixty 60 years old.

Someone has asked how long you'll be required to run. In the past few years, the runners have had to complete the distance of 5 miles, but most people want to do a bit more than that, so we will lengthen it to 7 miles this time.

However,I should tell you this year you can't enrol through the Internet but have to go to the town hall (分开写) and give all the personal information and sign your name.
品牌名、域名、网络用户名才可能看到连写成 townhall，但这不是常规英语拼写

If you do come and participate in the run,I definitely recommend that you should prepare an extra pair of shoes, as last year one of the runners got something wrong with his shoes during the running and had to give up halfway through the competition. Besides, a jacket will also be advisable, so you don't catch a cold after sweating a lot during the running. There is no need to worry about snacks or drinks, as every runner will be supplied with chocolates and bottled water.

To prepare for this annual running competition, our club is going to organise a training class for all the participants. In the class an experienced trainer will teach you the professional steps on how to do a running competition, like warming up before running. For those who plan to do training by yourselves, there're some suggestions for you.

First, don't just do morning jogging with your dog. Remember that you're going to compete with others.

I know some people like to exercise in groups, but it's more effective to run with your friend who can be your rival (竞争对手) and stimulate your potential.

Then I suggest you make a record of your running time. It can show whether you've made any progress day by day.

What's more, you'd better get used to different roads and paths in the countryside or village, as you won't just be running on level ground during the competition.

By the way, you don't have to run in all kinds of weather, as I've just said our competition is going to be held in good weather.

Well, that's all the details about the running competition.If you have any other questions, please call our club at 83456234. Anyone who is interested in the run, just get started.
