

PART 2 Questions 11–20

Questions 11–16

Choose the correct letter, **A**, **B** or **C**.

geology 地质学
geography 地理学
biology 生物学
economics 经济学
psychology 心理学
archaeologist

Bidcaster Community Archaeology Project

- (B) 11** Who was responsible for starting the community project?
发起 社区项目
A the castle owners *I'm a full-time archaeologist for the town council, but I was asked to join the project by NHA, a charity which sets up projects like this up and down the country.*
B a national charity
C the local council *As you can see, we're next to Bidcaster Castle, which is great because the owners let us use their facilities.*
- (A) 12** How was the gold coin found?
A Heavy rain had removed some of the soil. *Coins are often found by people using metal detectors to look for things buried in the ground, or coins are uncovered when wild animals like rabbits have been digging tunnels.*
B The ground was dug up by wild rabbits. *Here, a walker found it on the ground after a rainstorm washed away some of the earth and sand.*
C A person with a metal detector searched the area.
- (A) 13** What led the archaeologists to believe there was an ancient village on this site?
by chance
by coincidence
happen to
A the lucky discovery of old records *Just by chance, the team found some old maps and documents in our library*
B the bases of several structures visible in the grass *which showed five-hundred-year-old drawings of ruined buildings on the grassy area between the outer stone walls of the castle and the river.*
C the unusual stones found near the castle *建筑/结构*
- (C) 14** What are the team still hoping to find? 还希望 (没找到)
A everyday pottery *we've found the remains of several buildings and more broken pots than you can count.*
B animal bones *Normally you'd expect to find brooches and other jewellery, but we're still waiting to uncover any such items.*
C pieces of jewellery *The people who once lived here were skilled at making tools from animal bones, as you'll see when you visit the exhibition.*
- (B) 15** What was found on the other side of the river to the castle?
outline
border
boundary
A the remains of a large palace *No other houses or huts so far, but we can see the borders of an ancient field system.*
B the outline of fields *大纲/轮廓*
C a number of small huts *At one point we found a long wall and thought it was an ancient palace, but it turned out to be a modern war.*
棚屋
- (C) 16** What do the team plan to do after work ends this summer?
A prepare a display for a museum *This summer's work will end soon, but we'll be back next summer.*
B take part in a television programme *In the meantime, we're putting on a series of guided tours for school groups this autumn.*
C start to organise school visits *Oh and, maybe you saw the TV documentary about our project. That suggested the objects we've found are going to the town's museum, but we don't know that for sure yet.*
